**(54) UMBRELLA STORAGE
STRUCTURE IN CABIN****(57) Abstract:**

PROBLEM TO BE SOLVED: To provide an umbrella storage structure capable of preventing the entry of odor and dust from the outside to a cabin even when running while water drips adhered to an umbrella is being exhausted and storing also a tubular container other than the umbrella such as a PET bottle in fine weather.

SOLUTION: In this umbrella storage structure, a tubular structure 2 opening to the cabin side of a car and communicating with the outside thereof is provided in the car, and the umbrella 3 is stored in the tubular structure 2. The tubular structure 2 forms therein a holding part for holding the tubular container.
